

Support in all weathers

When markets are performing well, it can be plain sailing for many companies. But when they move through volatile periods it might become hard for businesses to access the funds they need to keep working and growing.

Barclays Investment Bank supports UK and Irish businesses when times are good and when they're tough, helping them secure capital so they can navigate the choppy waters of the market and keep heading in the right direction.

During the 2009 stock market downturn, and following a UK recession, we helped issue more than 550 separate bonds for UK and Irish companies and institutions that wanted to secure capital.*
